

## **Credentials and Biosketch**

Keyur Patel, MD, PhD; Associate Professor of Medicine, Department of Medicine, Division of Gastroenterology, University of Toronto

Dr. Patel received his Medical degree from the University of Southampton, United Kingdom, and completed his clinical fellowship training in Internal Medicine and Gastroenterology/Hepatology in Perth, Western Australia. He completed a 3-year post-doctoral research fellowship in Clinical and Translational Research in viral hepatitis at Scripps Clinic and Research Foundation, San Diego, CA and Duke Clinical Research Institute, Durham NC. His research interests include the development of non-invasive biomarkers of fibrosis, incorporating functional genomic tools in the assessment of disease progression, and early phase clinical therapeutic trials for viral hepatitis and fibrosis.
